## PROFESSIONAL SUMMARY

Results-driven Full-Stack Web Developer with hands-on internship experience at HCLTech and Indian Express. Proficient in PHP (Laravel, CodeIgniter), Python, JavaScript, React, and MySQL. Proven ability to architect scalable multi-tenant systems, integrate third-party APIs (WhatsApp Cloud API), and deliver end-to-end web solutions. SIH 2024 National Hackathon Winner with experience in AI/ML integration (YOLOv9, RNN, CNN, LSTM). Currently pursuing MCA.

## EXPERIENCE

### Software Development Intern | HCLTech Pvt. Ltd.

January 2026 – March 2026

- Architected a scalable multi-tenant communication system using PHP (Laravel) integrated with the WhatsApp Cloud API (Meta Developers).
- Developed custom message templates, bulk messaging workflows, and automated client communication pipelines.

### PHP Development Intern | Indian Express Pvt. Ltd.

July 2023 – September 2023

- Built a News Publishing CMS using PHP, MySQL, Bootstrap, Ajax, and WordPress for digital editorial workflows.

### Web Development Intern | Webdesys

July 2023 – September 2023

- Designed and deployed multiple client websites; customized and edited existing web templates.

## EDUCATION

### Master of Computer Applications (MCA) | Institute of Management Studies, Noida

2024 – 2026 (Currently Pursuing)

### Bachelor of Computer Applications (BCA) | Jagannath Institute of Management Science, New Delhi

Graduated January 2024

### Class XII (IT Stream) | St. Columba's School, New Delhi | GPA: 92% | 2021

## KEY PROJECTS

### WhatsApp Multi-Tenant System (HCLTech) — Laravel + WhatsApp Cloud API

Multi-tenant bulk messaging and automated client workflows.

### News Publishing CMS (Indian Express) — PHP, MySQL, WordPress, Ajax

Full-featured CMS for digital news editorial team.

### AI Fridge Detection System (SIH 2024 Winner) — YOLOv9, RNN, CNN, LSTM, Django

National hackathon-winning AI solution with voice assistant and high-accuracy detection.

### United Nutritions E-Commerce (Freelance) — Web Development

Online retail platform for supplements and protein powders.

### News Page App (Personal) — React JS

React-based news aggregation app consuming REST APIs.

### Law Hiring Website (Freelance) — Web Development

Platform connecting clients with legal professionals.

## TECHNICAL SKILLS

**Languages:** PHP, Python, JavaScript, C/C++, HTML5, CSS3

**Frameworks & Libraries:** Laravel, CodeIgniter 3, React JS, Node.js, Bootstrap, jQuery, Ajax

**Databases:** MySQL, MongoDB

**AI/ML:** YOLOv9, RNN, CNN, LSTM, Django (AI integration)

**Tools & Platforms:** WordPress, WhatsApp Cloud API, Git, REST APIs

**AI Productivity Tools:** ChatGPT, DeepSeek, Perplexity, Claude, Loveable

## CERTIFICATIONS & ACHIEVEMENTS

- SIH 2024 (Smart India Hackathon) National Winner – AI-powered fridge detection system
- JIMS Cynet 2024 – President, Event Coordination
- JIMS Cynet 2023 – Winner, Website Development

- Arena Animations – Graphic & Web Design Development (GWDD) Certification
